Docket No. CP2018-26

**USPS MOTION FOR EXTENSION OF TIME
TO FILE QUARTERLY DATA REPORT**
(January 26, 2018)

Pursuant to Commission Order No. 4196 (October 31, 2017), the United States Postal Service must report contract-specific volumes, costs, and workhours on a quarterly basis for the duration of Parcel Select Contract 24. Each report is due within 30 days of the close of each fiscal quarter, with the first report due on January 30, 2018. The Postal Service hereby moves to extend the deadline for filing the first report to February 9, 2018.

The Postal Service is currently experiencing technical difficulties in obtaining the PTR scans used in calculating the volume distributions for this contract. The Postal Service's IT department is working on a solution and hopes to have it resolved soon. Unfortunately, at this time, the Postal Service has data available only for November 2017, so a filing on January 30th would be incomplete.

The Postal Service hopes to resolve the technical issues in the ten additional days requested in this motion. If it is unable to resolve the issues by February 9th, the Postal Service will file a status report with the Commission.

Respectfully submitted,

UNITED STATES POSTAL SERVICE

By its attorney:
